MAYUR UTSAV, KANPUR

## INTRODUCTION

Since 1992 SPAN STRUCTURES is positioned at Lucknow the Capital of Uttar Pradesh, SPAN STRUCTURES has successfully emerged as a leading structural engineering consulting firm running under the guidance of **Er. Omkar Verma**.

In simple terms, SPAN STRUCTURES provides credible services in the field of Structural Engineering to governmental entities, architects, engineers, contractors, developers, industries and institutions. In reality, we are a lot more than that. We believe that we have assembled the fine group of engineers, technicians and support personnel in the industry. We are passionate about architecture and the application of engineering to the built environment. We work nationally on projects of all scales and types, and we bring that passion to every single one. We believe that we have a responsibility to be active citizens in our profession and our communities. And we believe that we have more fun doing our job than just about anyone else.

We have worked in various states of India, so we can handle projects all over India & even abroad. We have designed projects for a diverse range of site conditions, code mandates, client requirements and architectural expressions, so we do whatever a client needs us to do.

## THE ART OF STRUCTURAL ENGINEERING

The art of Structural Engineering moves beyond simply framing a structure or laying out a site. It integrates engineering concepts with architectural visions to produce projects that are seamless. Projects that flow. Projects that delight. Structural Engineering is a field of engineering dealing with the analysis and design of structures that support vertical loads as well as horizontal forces. Structural engineering is usually considered a specialty within civil engineering, but it can also be studied in its own right. Structural engineers are most commonly involved in the design of buildings and large non-building structures but they can also be involved in the design of machinery, equipment, vehicles or any item where structural integrity affects the item's function or safety. Structural engineers must ensure their designs satisfy given design criteria on safety (e.g. Structures must not collapse without due warning) or serviceability and performance (e.g. building sway must not cause discomfort to the occupants). Buildings are made to endure massive loads as well as changing climate and natural disasters.

## OUR ACTIVITIES

Our services are more than just a profession – they are an extension of who we are. SPAN STRUCTURES provides structural engineering services to a wide array of clients viz. architects, contractors, builders, developers, government entities, industries and institutions. We have extensive expertise in the design of new buildings as well as in the renovation and repair of existing structures. Our firm's experience in building design ranges from family houses to Multistory buildings of any type & Industrial structure. We understand that what we do matters - to our clients, to ourselves, to our profession and to our communities. We undertake original and proof consultancy, design practices conforming to standards and specified codes, adopt latest techniques and softwares for analysis and design.

## OUR PHILOSOPHY

We believe every structure to be different and treat them accordingly. The idea is to arrive at such a system, which gives most safe and economical system maintaining the concept of the Architect. We believe that structural engineering is not just following the codes of practices but applying fundamental laws of nature while analyzing. We undertake original and proof consultancy, design practices conforming to standards and specified codes, adopt latest techniques and softwares for analysis and design. Last but not the least 'Time Is the Essence of our work. Structural Engineering is an area of primary interest and covers analysis and design of various types of structures. Based on Geotechnical investigation report from the site, various alternatives of foundation system are considered along with their feasibility studies and economy. Preliminary cost studies are carried out for various feasible options comparing them all on one scale. This helps in choosing the most viable alternate for the project. Sometimes amalgamation of different alternatives has to be done in order to eliminate the drawbacks in the finally adopted alternative. The whole process indicates the highly interactive design approach adopted by us. During this entire exercise of catering to the standard codes of practices, fundamentals of engineering science and seeking the optimal solution, client's requirements are kept. But stability of structure and economy is our main aim.

## OUR CULTURE

Since our inception in 1992, we have worked to develop and fine-tune a highly automated, but creatively charged environment that allows us to continually improve our design processes while providing exceptional results. We combine our creative working environment with a sophisticated electronic workflow to achieve a balance of automation and imagination that we feel is second to none. SPAN STRUCTURES has been driven to create a firm that's valued by our clients and our staff. We are constantly looking at ways to improve what we do, how we do it and why we do it.

## ABOUT ORGANIZATION

---

<b>Name of organization</b>	:	SPAN STRUCTURES
<b>Office address</b>	:	8/14, Sec-8, Indira Nagar, Faizabad Road, Lucknow, U.P.
<b>Telephone No.</b>	:	0522-4049199 09335903324
<b>E-mail</b>	:	spanstructures@rediffmail.com spanstructures@gmail.com
<b>Year of Establishment</b>	:	August-1992
<b>Status of organization:</b>	:	Proprietary

---

### REGISTRATION NOS. :

▪ Permanent Account Number	:	ABZPV8446M
▪ Service Tax	:	ABZPV8446MST001
▪ TAN	:	LKNO05488A

---

### OFFICE ESTABLISHMENT & INFRA STRUCTURES :

▪ Office space	:	Well Furnished and Organized air Conditioned Office
----------------	---	--

---

### INFRA STRUCTURES :

- Computer Systems with all Soft wares used in our profession.
  - Core 2 duo- 8nos.
  - Dual core – 8 nos.
  - Laptop – 2 nos. (H.P. and Compaq)
- 

### PRINTERS & PLOTTERS :

- Inkjet (HP 670 C)- A4 size, 2 Nos.
  - Inkjet (HP 1120 C)- A3 size, 2Nos.
  - Xerox work center pro-420
- 

### EPBX :

- Panasonic KX- T7730 (12 extension)
- 

### SOFTWARES :

- MS office-for General office work.
  - Tally – for Accounting
  - Auto Cad (Latest Version)- for drafting work
  - Staad.pro. (Latest Version)- for Structural Analysis and design.
- 

### POWER BACKUP :

- Through online UPS of Stambh make for computers
  - Through inverter of Triplite (USA) make for electrical gadgets.
- 

### TEAM - SPAN STRUCTURES :

- Principal Consultant /Proprietor
- Members of Advisory Panel
- Key Personnel (Technical)
- Quality Control & project Management personnel
- Administrative and Management personnel
- Technical staff
- Supporting Staff

A HOTEL BUILDING

**FOUNDER**

## ABOUT THE FOUNDER

---

### ER. OMKAR VERMA

B.Tech. (Civil), M.Tech. (Struc.) Hons.  
NIT Warangal, A.P.

---

Er. Omkar Verma has completed B.Tech in Civil Engineering from reputed Regional Engineering College (NIT-W) Warangal, A.P. in 1990 and then M.Tech with Honors in structural engineering. After his degree, he worked under few renowned structural engineers. However, since last 20 years, he has been working as an independent structural designer operating from Lucknow, the capital of Uttar Pradesh. His major projects (more than 500) includes a large list of projects like Institutional Buildings, Office Buildings, Hospitals, Hotels, Sports Complexes, Housings Apartments and Group Housing, Recreational Buildings, Industrial & Water proof structures and more than 450 Family Houses in all over state and neighboring states.

---

## OUR TEAM

### MEMBERS OF ADVISORY PANEL

(Honorary)

- **Dr. V. Kumar**  
Ph. D (Struc.)- I.T. B.H.U.  
Professor – Department of Civil Engineering,  
Institute of Technology, B.H.U.
- **Dr. K. Narayana**  
Ph.D (Struc.)- I.I.T. Roorkee  
Professor – Department of Civil Engineering,  
Institute of Engineering Technology, Lucknow, U.P.
- **Er. S. K. Verma**  
Ex. Chief Engineer, U.P.Housing and Development Board

## SERVICES OFFERED BY SPAN STRUCTURES

---

**SPAN STRUCTURES** Offers a broad range of Structural Engineering Services. Since our inception, we have developed and fine-tuned a highly automated, but creatively charged environment that allows us to continually improve our design processes while providing exceptional results.

**SPAN STRUCTURES** has designed projects to respond to diverse site conditions ranging from black cotton soil in Bundelkhand region to rocky strata in Uttarakhand and high seismic zones of IV & V category in India. Structural Design Services are listed below:

- 
- 01-Structural Design Services For Commercial establishments.
  - 02-Structural Design Services For Hotels/Hospitality services.
  - 03-Structural Design Services For Educational Institutions.
  - 04-Structural Design Services For Hospitals buildings
  - 05-Structural Design Services For Sport Buildings.
  - 06-Structural Design Services For Industrial Structures.
  - 07-Structural Design Services For Waterproof Structures.
  - 08-Structural Design Services For Microwave Towers.
  - 09-Structural Design Services For Trusses/Space Frames.
  - 10-Structural Quality Checking & Retrofitting Solutions.
  - 11-Vertical/ Horizontal Extensions to Existing Buildings.
  - 12-Proof Checking of Structural design and drawings.
  - 13-Preparation of Bar bending Schedule.(BBS)
  - 14-Quality Control & Project Management Services
  - 15-Preparation of Detailed Design report
  - 16-Preparation of BOQ & BOM
- 

ANAND RESIDENCY, KANPUR

## OUR PROJECTS

SPAN STRUCTURES has completed structural design & drawings of **more than 500 major projects** Successfully Across the Country. Some of them are listed below :

### 01-INSTITUTIONAL PROJECTS

- Technical Institutions
- Management & Training Institutions

### ▪ MEDICAL INSTITUTIONS

- Allopathic Institutions
- Ayurvedic Institutions
- Dental Sciences

### ▪ UNIVERSITIES/ DEGREE COLLEGES/ SCHOOLS

### 02-HOSPITALS & HEALTH CARE BUILDINGS

- Allopathic Hospitals
- Ayurvedic Hospitals
- Veterinary Hospitals
- Homeopathic Hospitals

### 03-OFFICE BUILDINGS

- Multistoreyed Buildings
- Collectorate Complexes & Vikas Bhawans
- Tehsil Complexes
- LIC, Banks & Court Buildings

### 04-JAILS & BARRACKS

### 05-RESIDENTIAL BUILDINGS

- Multistoreyed Apartments
- Row/ Group Housing
- Family Houses (Villas)

### 06-COMMERCIAL BUILDINGS

- Mall & Multiplexes
- Food & Vegetable Markets
- Showrooms, Workshops

### 07-PUBLIC ASSEMBLY BUILDINGS

- Auditoriums Buildings & Community Halls

### 08-SPORTS BUILDINGS

- State level Sports Complexes, Distt. level Sports Complexes
- & Swimming Pools (Olympic Size) & Other Sizes

### 09-HOTELS & HOSPITALITY BUILDINGS

- Hotels & Guest Houses

### 10-RECREATIONAL BUILDINGS

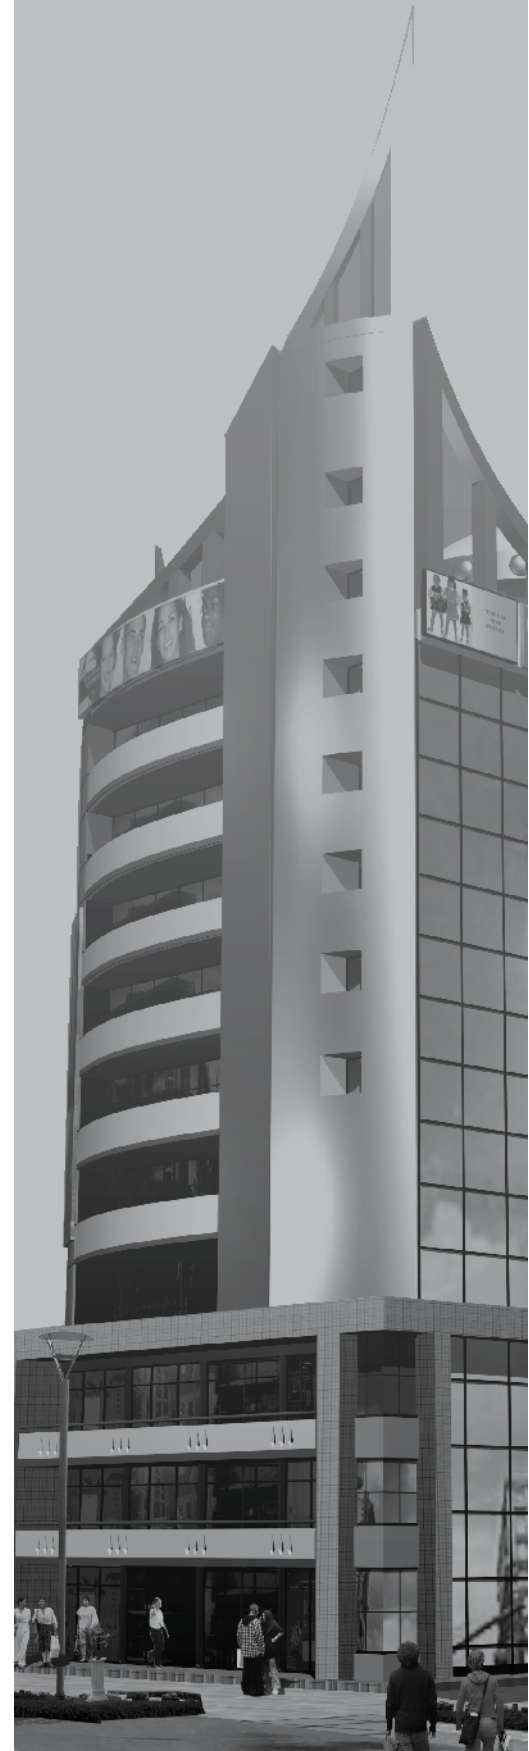

- Resorts, Clubs, Motels, Rain Baseras, Youth Centers,
- Amenities Buildings & Water Parks Etc.

### 11-INDUSTRIAL STRUCTURES

- Industrial Buildings, Sheds & Storage / Warehouses

### 12-WATER PROOF STRUCTURES

- Underground Tanks (UGT), Overhead Tanks (OHT), & Swimming Pools
- ETP & STP

## TECHNICAL INSTITUTIONS

### 01-INSTITUTE OF ENGG. & TECHNOLOGY C.S.J.M. UNIVERSITY, KANPUR, U.P.

(Project Comprises of Administrative Block , Academic-1&2, Lecture Complex , Computer sc. Dept., Computer, Bio-Technology, Facility, International Center, Multipurpose Hall, Library, Labs Building, Workshop Building, Auditorium, Girl's & Boy hostels, Recreational, Residential Units, Sports & Other Allied Buildings and Development works Spread over 300 acres of land.)

BUILT UP AREA : 25.0 LACS SQ. FT. (APPROX)  
ARCHITECT : ARCH- EN DESIGN, LUCKNOW  
CLIENT : UP RAJKIYA NIRMAN NIGAM, LTD.  
NO. OF STORIES : 3 TO 4 -STOREYED, RCC FRAMED BUILDINGS  
STATUS : COMPLETED

### 02-COLLEGE OF AGRICULTURE ENGG. & TECHNOLOGY, ETAWAH

(Project Comprises of Administrative Block, Academic Block, Lecture Complex, Library, Labs Building, Auditorium, Facility, Student Activity, Workshop Building, Girl's & Boy hostels, Recreational, Residential Units, Form Buildings, Sports & Other Allied Buildings and Development works Spread over 250 acres of land.)

BUILT UP AREA : 15.0 LACS SQ. FT. (APPROX)  
ARCHITECT : ARCH- EN DESIGN, LUCKNOW  
CLIENT : UP RAJKIYA NIRMAN NIGAM, LTD.  
NO. OF STORIES : 3 TO 4- STOREYED, RCC FRAMED BUILDINGS  
STATUS : COMPLETED

### 03-BABU BANARASI DAS GROUP OF INSTITUTIONS, LUCKNOW

(Project Comprises of Administrative Block , Academic-1&2, Lecture Complex , Computer sc. Dept., Computer, Facility, Library ,Labs Building ,Workshop Building, Auditorium, Girl's & Boy's hostels, Recreational, Sports & Other Allied Buildings and Development works Spread over 50 acres of land.)

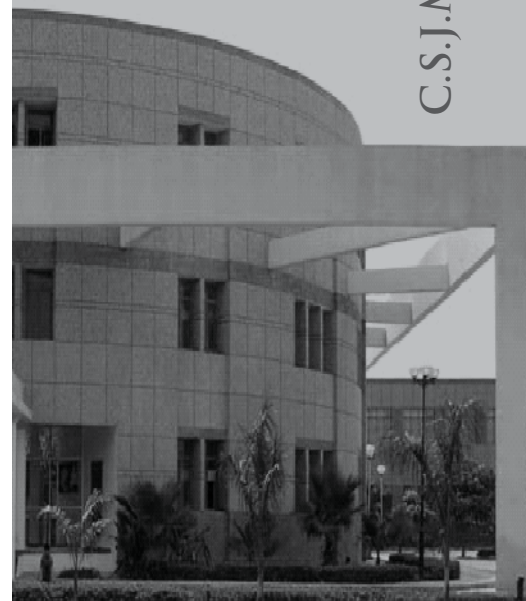

BUILT UP AREA : 25.0 LACS SQ. FT. (APPROX)  
ARCHITECT : VIJIT& ASSOCIATES / DESIGN CELL BBD COLLEGE  
CLIENT : BBD EDUCATIONAL SOCIETY  
NO. OF STORIES : 4 TO 7- STOREYED, RCC FRAMED BUILDINGS  
STATUS : COMPLETED

### 04-COLLEGE OF ENGG. & TECH. AT SARDAR V.B. PATEL AGRICULTURE UNIVERSITY, MEERUT, U.P.

(Project Comprises of Administrative Block, Academic, Lecture Halls, Computer , Library, Labs, Workshop Building, Girl's & Boy hostels, Recreational, Sports & Other Allied Buildings, Development works Spread over 50 acres of land.)

BUILT UP AREA : 7.5 LACS SQ. FT. (APPROX)  
ARCHITECT : VISION ARCHITECTS, LUCKNOW  
CLIENT : C & D S, U.P. JAL NIGAM, LUCKNOW  
NO. OF STORIES : 4 - STOREYED, RCC FRAMED BUILDINGS  
STATUS : COMPLETED

## ASSOCIATION FOR OUR SERVICES

---

We want to introduce our organization as a Structural Design Consultants with full facilities in-house along with group of experienced Engineers & well trained draftsmen. We wish and consider our pleasure to have a business association with your esteemed organization.

We are extensively equipped with computers and softwares like Staad Pro and AutoCAD (latest versions) with all necessary printers, plotters and equipments.

We consider our group as capable of handling any type of projects, irrespective of its complexity, size and type relating to buildings, industrial and factory buildings.

We like to assure you that our performance level will be high and the professional responsibility of you towards your Clients will be assumed by us for the assigned jobs, in terms of quality, time frame .

We look forward keenly for positives response from your end at the earliest.

Thanking you!

**Your Sincerely**

Er. Omkar Verma  
Principal Designer
